

Title: Reminder of important information – RGD32 (Seoul, July 4-8th)

Dear participants,

- A. We had sent you the **guideline for recording and submitting the pre-recorded presentation video**. (Submission deadline: June 19th (Sun))
We requested pre-recorded videos **from not only online but also in-person participants**. The reason is that the large time difference makes it difficult for online participants from North America (or Europe) to watch the in-person presentation in the afternoon (or morning) in Seoul.
- B. From time to time, we update the process of entry into Korea and the current status of COVID-19 at RGD32 website popups.
From June 1st, the issuance of a C-3 short-term visa to Korea has resumed, including India, Japan, and Hong Kong. We recommend that you apply as soon as possible, as the process will take longer than expected. If you need an updated invitation letter from us, please e-mail us immediately with the following information:
1. Prefix
 2. Position
 3. Affiliation
 4. First name on your passport
 5. Middle name on your passport
 6. Last name on your passport
 7. Country of origin
 8. Expiration date of your passport
- In addition, **visa-free foreign visitors** are encouraged to check the website of K-ETA (Korea Electronic Travel Authorization) at <https://www.k-eta.go.kr/portal/apply/index.do?locale=EN>
- C. Registration is required for all online and in-person presenters and participants in principle. To finalize the RGD32 program in time, **online presenters are requested to complete their registration, preferably before June 23**, but no later than June 27, 2022.
- D. For those who want to stay at **the venue hotel with a discount rate**, please complete the attached form and return it directly by email (rgd32@gnu.ac.kr) to us, before June 30, 2022.

We look forward to welcoming all of you to RGD32, Seoul, South Korea in July 2022.

All the best,

Rho Shin Myong (Chair), Gyeongsang National University (myong@gnu.ac.kr)
Kun Xu (Co-Chair), Hong Kong University of Science and Technology (makxu@ust.hk)
